

## SCHOOL OPENING CEREMONY - KENYA – FEBRUARY 2018 by Consolate Muga.

The prayers for the Ground Breaking Ceremony were offered on 22nd November, 2017 and the foundations of the building were begun on 24th November 2017. On the 19<sup>th</sup> of February 2018, the four classrooms were completed for use.

The parents of students of these four classes, Baby Class, Nursery, Pre Unit and Class One were present. There were also invited guests, from the County Government, School Management Committee and the Local Community.

On the right is our head teacher Mr Daniel Ochieng. In the blue shirt is Kennedy Ochieng representing the Member of County Assembly, Hon. Graham Kagali. The Member of County Assembly sent word that he would be our Patron.

The guests inspected the classrooms. They were so happy to see the work well done and neat.

One of our pastors who prayed with us on the first day was present to give thanks again. Those attending were encouraged and were receptive to the gospel message. Then it was a time to have some refreshments, though it was only soft drink, bottled water and biscuits.

Those present expressed their desire to see some playing apparatus provided for the children and urged us to make sure we have a good water system but otherwise it was all appreciation.

We had provisional registration and have now started the re- registration process with the Education Office.
