

## TWIN CLASSROOM BUILDING FINAL PROGRESS REPORT - DEC 2018

Painting the front phase

Separating sliding wall between the 2 rooms

Front view

Back view

Interior painted

Sliding wall parted

Separating wall reveal adjacent class

Boys Toilet view

Girls Toilet view

Entire New School Block view

## **SUMMARY**

We have leftover sand and some ballast that we wish to use to lay a slab on which the Container will be placed permanently for use as a Library. We have identified a spot which is next to where we intend to put up the Administration Block (School offices) in future. The Container (library to be) will be annexed to the School Office block.
